

AM/PM Kindergarten: Weekly Plan

April 6 - April 10

Monday, April 6

Hello Again Friends!

Happy Monday! Get Set (25 min)

Today your job is to set up your home learning space. Things you could collect are: white paper, a notebook, pencils, an eraser, pencil crayons, markers, dice, a deck of cards, a pair of scissors, a ruler, a glue stick, and a black pen or Sharpie. (Any you already own at home).

Where will you keep all of your supplies?

Do you have a container to store them in?

Where will you keep your finished work?

Do you have a folder or basket you can use?

Or will you hand them on a wall, board, string?

How do you feel about learning from home?

Have you already been learning from home?

What have you learned about?

If you're able, take a photo of your home learning space or something you have been working on at home and email it to Miss Frey.

Morning Message (15 min)

Read Miss Frey's morning message on our website. Can you remember the missing word?

You can write your own morning message on a whiteboard, paper or on the fridge. Don't forget to sign your name! Love, _____.

Tuesday, April 7

Morning Message (15 min)

Raz-Kids: Reading Time Tuesday! (30 min)

Take time for some home reading practice and logging in to your account. Login information will be emailed out to families in an attachment.

Graphing the Weather (15 min)

Find a piece of paper at home and a ruler, some markers and black marker or pen. Create your own chart to track the weather this month just like we did at school. (Students may need help to draw the lines). You can add pictures and label with weather words (sunny, snowy, windy, rainy, cloudy, etc.). See the example below.

Practice presenting the weather every morning to a family member, stuffy, pet, sibling...

Put a mark on the graph each day.

Where will you hang your chart?

What is the weather like today, weather forecaster?

Math Challenge (20 min)

Practice sorting and ordering by size. To do this, you need three pieces of paper and a marker. On the first paper print **Big**, on the second paper print **Medium**, and on the third paper print **Small**. Now you need to collect 10 items in your house. Using the Big, Medium, and Small papers, sort the 10 items into groups.

Are there any items that could be sorted into two groups?

What is the biggest item?

What is the smallest item?

Now choose one of your size groups and order the items in the group from biggest to smallest.

If you find this too easy try 20!

If you wish to, share a photo of your sorted items with me!

Wednesday, April 8

Morning Message (15 min)

Numbers (30 min)

Act out the song Five Little Monkeys Jumping on the Bed (copy below) or see Miss Frey sing it on the website under the "Math" tab. See the "Music & Art" tab for a Pete the Cat Easter version. Do you know any other "Five Little" songs?

How many ways can you make five? Can you show me on your fingers? I'll give you a hint: *there's more than one way!

Look around your house and see if you can make a set of five objects. Lay them out on a paper or notebook. Can you show me other ways to make five? Ex. Write the word, write the number, use a ten frame, draw five shapes... (Example included in photo below)

If you are able to, send me a photo of your work or a video explaining the different ways!

Story Time with Miss Frey (15 min)

Join Miss Frey for story time under the "Literacy" tab on the website.

What was your favourite story Miss Frey read this week? Give an answer to the poll online! Did any of the stories remind you of stories you have read before?

Are there any books you want me to read?

Have you read any great books at home?

Play Time (25 min)

Also, you can have a story time with your stuffies or family members playing students at home. Set up a "carpet time" and sit on a chair at the front like Miss Frey, then retell one of your favourite stories to your class!

What happens first, next and last?

Can you act out any other school routines? Ex. lining up, snack time, songs, library time, gym?

Thursday, April 9

Morning Message (15 min)

Poem of the Week (15 min)

Read the poem: *Spring Is Here* (See below or on website under "Literacy" tab) Do you hear or see any rhyming words (ex. Miss Frey and day ☺) Record the rhyming words in a notebook.

Make sure you are printing using lowercase letters. Can you see the picture clues and match them to the words "Spring is here" "Birds and bees" and "Leaves on trees"?

Art

Optional activity: Create a pointer like the ones we use at school. Look around the house and gather materials to make a pointing device.

Will you use popsicle sticks, twigs, a pencil, rolled up paper, etc.?

What will you attach on the end? Cut out a shape or find an object

How will you attach it?

Comparing Numbers (20 min)

With a partner play the card game War. Each player puts down a card and the person with the number that is "greater than" keeps both. Practice using number vocabulary "less than" and "greater than" (ex. " ___ is less/greater than ___).

Practice measurement by using a bag of ribbon or string cut different lengths. Each player pulls out one piece, then put both side by side to measure which one is longer or shorter than the other. The player who had the longest keeps both.

How many cards, string or ribbon did you collect?

Who had the most in their pile?

Friday, April 10

Morning Message (15 min)

Journaling Friday! (20 min)

This is the first day of your Home Visual Journal! Today, you are going to make your journal by counting 15 pieces of white paper and stapling the top left corner to make a booklet. Then you will create the cover for your journal. Your cover must include a self-portrait and your name. Look in a mirror to help remember, what parts do you need to draw? What are you wearing? You can outline your pencil marks with black Sharpie or pen before coloring with markers or crayons. Remember to keep your journal in a safe place because every Friday you will do a new sketch in it. If you would like to share, email me a photo of your journal cover!

Get Active! (10 min)

Count to 100! Can you count by 10s all the way to 100? Try to think of different exercises:

- Shoulder rolls
- Arm circles
- Toe touches
- Jumping jacks
- Arm Reaches
- Head stretches
- High jumps
- High kicks
- Knee taps
- Running on the spot

Try to think of at least one on your own! What ways are you staying active at home? If able to send a photo or video showing me how. *Parents please let me know what activities went well this week!

Example Morning Message:

Monday, April 6, 2020

Good Morning!

How are you today? Today the weather is _____. Let's have a wonderful day.

Love, _____
(your name here)

5 Little Monkeys

Five little monkeys jumping on the bed,
One fell off and bumped his head,
Call for the doctor,
The doctor said,
"No more monkeys jumping on the bed!"

Four little monkeys jumping on the bed,
One fell off and bumped his head,
Call for the doctor,
The doctor said,
"No more monkeys jumping on the bed!"

Three little monkeys jumping on the bed,
One fell off and bumped his head,
Call for the doctor,
The doctor said,
"No more monkeys jumping on the bed!"

Two little monkeys jumping on the bed,
One fell off and bumped his head,
Call for the doctor,
The doctor said,
"No more monkeys jumping on the bed!"

One little monkey jumping on the bed,
One fell off and bumped his head,
Call for the doctor,
The doctor said,
"Put those monkeys straight to bed!"

Six

counters

addition
 $5+1=6$

subtraction
 $7-1=6$

tally marks

Some ways to show numbers

Spring is Here!

(tune: "Are you Sleeping?")

**Spring is here.
Spring is here.
Goodbye, snow.
Flowers grow.**

**Birds and bees.
Leaves on trees.
Hello, Spring.
Hello, Spring.**
